Short description

The CILS certification is an officially recognized qualification and is an important tool for work and also in education and academia.

Scuola Leonardo da Vinci is a recognized center, approved by the Università per Stranieri di Siena, for CILS certification exams.

The CILS certification is standardized by the "Common European Framework of Reference for Languages (CEFR)" and is divided into various competence levels that this document introduces. The CILS certification levels are as follows: A1-A2 (basic learner), B1-B2 (independent learner, central), C1-C2 (competent learner). In each level the exam is divided into the following sections: written comprehension, writing skills, morphosyntactic skills, listening comprehension, oral production. To pass the exam and receive the certification, you must obtain a sufficient score in each section. If you have reached a sufficient score in only some of the sections, it is still possible to 'capitalize' on your positive results and, within a calendar year, you may repeat the test only for the sections in which you had not previously reached the minimum score required to pass.

The CILS is the first certification of Italian to have achieved these specific modules for foreign workers in Italy. It is important to remember that the CILS A2 module integration is recognized by the Ministry of Foreign Affairs for *'Fluency in Italian'*. This is helpful for obtaining the residence permit for long period stays.

Course Preparation

Scuola Leonardo da Vinci organizes specific courses for those who want to obtain the CILS certification. These courses are held during the weeks immediately prior to the exam dates established by the Università per Stranieri di Siena and aim to provide thorough preparation with regard to the different skills required. The preparation analyzes and tests the evidence of previous examinations, while also identifying specific problems that the teacher may identify.

Short description	Italian history books are often full of images of entire families, mass-moving from our country to foreign ones, hoping to find a welcoming city where to work and raise their children. We all remember the great migrations to North America (United States and Canada), South America (Brazil, Argentina and Venezuela) and the faraway Australia. Many families also moved to Europe, to neighbouring Switzerland or Germany and the United Kingdom. To still 'feel at home', Italian emigrants went on talking to their children and descendants in their mother tongue, from the dialect to the modern language, telling them stories and traditions about their place of origin. The course «Discover your Origins» aims at offering the opportunity to the descendants of Italian emigrants abroad to deepen the Italian language and culture, the same their parents, grandparents, uncles have already passed them down, as well as the possibility to visit the places of origin of their ancestors.
The course includes	4 daily Italian language group lessons with students of different nationalities. 6 weekly lessons (Monday, Wednesday and Friday) with the following program: • History of the Italian emigration; • Analysis of the region and the place where the student's ancestors started their journey; • Study of the dialect spoken in the region of origin; • Research on the origins of the student's surname with the help of the teacher; • Planning the visit to the place of origin of the student's family.
Notes	• Duration: min. 2 weeks, max. 12 weeks. • Level: from Elementary A2. • Lessons: 4 per day, 20 per week + 6 specific lessons on 3 days (Monday, Wednesday and Friday). • Participants: min. 3 - max. 14 per class. • Starting dates: every Monday. • Course centers: Florence - Milan - Rome - Turin. ♪ The course will be activated even in the presence of only 1 participant: in this case, the number of lessons related to the specific program will be reduced to 3 private lessons per week. • We offer the opportunity to visit the place of origin of the students' families together with a teacher (to be quoted apart), as well as the possibility to start the procedures for requesting the Italian citizenship. We are available to provide assistance in this respect (to be quoted apart). • To take part in the course it is necessary to have Italian origins, proven by a document attesting the Italian citizenship of the student or the parents/ancestors. • For Italian language classes please refer to page 3.

Short description	Modern families consider a new language acquisition as an important value in the education of their children. Some parents decide to enrol their children in a study holiday abroad; others would like to share this moment, especially if the choice is due to a transfer of the whole family abroad for business reasons. The course is aimed at whole families, with one or more children, provided they are over 12 years old. SCUOLA LEONARDO DA VINCI® FLORENCE

THE CITY

Florence, in the heart of Tuscany, is the cradle of the Renaissance and the classical Italian of Dante, Petrarch, and Boccaccio. While other European cities still lived in the Middle Ages, modern art and culture developed here under the reign of the Medici. Today in Florence one can visit and admire the masterpieces of artists like Botticelli, Michelangelo and Leonardo da Vinci in world-famous museums (the *"Uffizi"*, the *"Accademia"*, *"Palazzo Pitti"*), in beautiful churches, or even on a casual walk through the city.

The *"Ponte Vecchio"* connects the lively and historic city center around the Cathedral with the quieter neighborhood on the other side of the *"Arno"* river. Florence's urban landscape is distinguished by beautiful squares like *"Piazza della Repubblica"* and *"Piazza della Signoria"*, by small streets and winding medieval alleys, by various markets, and above all by the marvelous cupola of the Cathedral, visible from almost everywhere in the city.

Today Florence attracts tourists from all over the world who find here, besides history, everything to make them feel at home: Tuscan food and the best Italian wines, numerous bars and discos, a traffic-free center, and many inviting shops.
