# Excellent teaching

---

Our teachers are the best thing about Stafford House. They have experience teaching in the UK or abroad and regularly participate in training to improve their skills. They take student feedback weekly so they can adapt the course to suit the needs of the class.

#### **Diploma qualified teachers:**

A high proportion of our teachers hold Diploma-level teaching qualifications. These advanced, postgraduate qualifications recognise their commitment to the highest levels of teaching English teaching and demonstrate our dedication to ensuring our students receive the best experience possible.

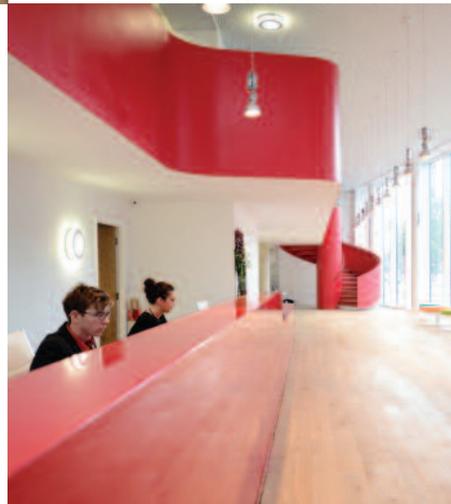

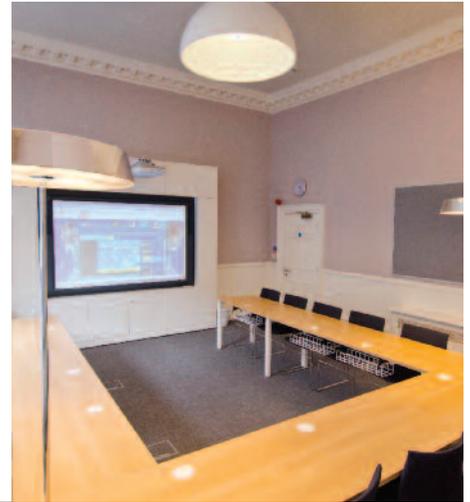

#### **Personalised teaching:**

In addition to regular, personal feedback from your teacher, each month you will have a meeting with a senior member of staff. From this you will have the opportunity to discuss your changing needs and ensure you're on-track to achieve your absolute best.

#### **Small class sizes:**

An average of 10, but never more than 14. This means you will develop a closer relationship with your teacher than in other schools and will experience a faster pace of improvement in your English language development.

**If you think you would benefit from an even more personal approach, why not book some of our one-to-one lessons?**

# Premium facilities

## Exceptional learning environments:

All four of our schools have been designed to the highest specifications. You will learn in fresh and bright classrooms, with up-to-date learning technology and modern conveniences, including IT suites, high-speed Wi-Fi, comfortable student lounges and cafes (London and Canterbury). All of our schools also offer book-loaning schemes so you can extend your learning outside of the classroom.

## Interactive technology:

We have invested in the latest classroom technology. You will benefit from top of the range interactive whiteboards, bringing the internet, HD video and social networking into your lessons. This helps us to provide classes that are relevant, interesting, and interactive and that will prepare you to communicate effectively in English in the real world.

## Hand-picked accommodation:

We place great importance on making sure your home life is as happy and comfortable as your school life. We have a broad range of accommodation options available, including modern residences, friendly and welcoming homestays and comfortable student houses. Turn to page 28 for more.

"Studying at Stafford House is an absolute pleasure. The classrooms are modern and the interactive whiteboards allow me to enjoy learning a foreign language through games and activities."

Gunes Isbilir Sekmen, Turkish

Thuan Vo, Vietnamese

“I really enjoy my lessons at Stafford House, there’s some really interesting modules to choose from. It’s also good to know that I can change my course, or maybe go to another city if I choose.”

Sora Park, Korean

## Flexible learning

Choosing a course can be difficult. You may not know which course or location you would prefer. Many of our students want to move from one city to another, or switch course halfway through their stay.

With us, you can keep your options open.

### A choice of locations:

London, Brighton, Canterbury or Boston? Four fantastic locations and all great places to study. Our flexible programmes mean you can easily transfer between any of our UK centres or you can choose to study in Boston, the education capital of the USA.

Why not arrive in Canterbury to experience an authentic English city, then enjoy some time by the sea in sunny Brighton, and when you have gained some confidence in your English you can transfer to the excitement of central London for the rest of your stay.

### A choice of courses:

Our eight courses follow the same simple pricing structure across our UK locations. If you arrive and decide you are on the wrong programme for you, it’s simple to switch.

As long as you continue with the same number of hours per week, it’s often free too.

### Flexible programmes:

Our timetabling system offers a great deal of flexibility and choice. Many of our courses are able to offer start dates every Monday for 50 weeks of the year. Plus, our range of ‘modules’ means that when you arrive, you can follow a programme that works for you.

Turn to **page 26** for more on your timetable.

"Brighton is a great place to learn English. Very international but it has still got a British charm."

I love to travel and wanted to improve my English because it's the world's language. My time at Stafford House really helped me a lot to talk to people from other countries and understand different accents. The classes at School of English are fun! We play lots of games and I felt immediately welcome. All my teachers are nice and everyone helped me to find my way around.

### Culture:

Brighton is a really international city but typically English so it offers the best of both worlds. It's also close to London for weekend visits.

Brighton Rocks! →

### Favourite Place:

I love lying on the beach reading a book. St James' Park is cool because we all eat lunch there together and the range of shops and cafes are really convenient.

### Experience:

Stafford House School of English is a small school so everyone knows each other and the atmosphere is very welcoming. There are lots of people from different countries which has meant I've learnt a lot about different cultures.

## Teacher perspective

### Experience

The School of English is a really friendly place, organised and well equipped which enables students to get the most out of their studies. We choose topics that interest students and make language relevant. Learning is then fun and engaging!

### Favourite hangout:

My ideal day out in Brighton is a stroll down to the Mad Hatter Café for coffee followed by a walk along the seafront or out for dinner at any of Brighton's great restaurants.

# Canterbury

## an historic English experience

Canterbury is a fantastic place to be a student and explore the UK. Combining a 2000 year history with the facilities and convenience of a modern university city close to London, it has something for everyone.

Canterbury is less than an hour from London by high-speed rail link, 20 minutes from the beach and surrounded by beautiful countryside. It offers an ideal base from which to explore the whole of the UK.

It is also a traditional city, recently named the UK's safest student city. The medieval city centre sits side by side with all the shops, bars and restaurants you could need, plus three respected universities making this an ideal place to study.

Making friends has been the easiest thing to do at Stafford House. I work as an engineer and this course has helped me to improve my English and communicate more effectively. My teachers are hugely experienced, friendly and helpful, always ready to answer any problems quickly.

#### Location:

Canterbury for me is the best place to learn English, not too big with beautiful monuments. It's such a lovely city, you'll never find another city like Canterbury.

#### Favourite Place:

My favourite place is the river, it's so peaceful. You can take a boat ride in the sunshine and walk along the river bank after school.

#### Experience:

Stafford House has been so organised, there is always someone ready to help and with lots of different nationalities in the same class you learn a lot about different cultures at the same time.

#### Living:

I'm staying with a host family to discover the English culture and practise after School. They are very friendly and have made me feel really welcome and it's a great opportunity to speak English all day.

## Teacher perspective

#### Favourite Place:

Canterbury is a very special place and such an important city historically. I love exploring the cobbled streets and visiting English Heritage sites such as Augustine's Abbey.

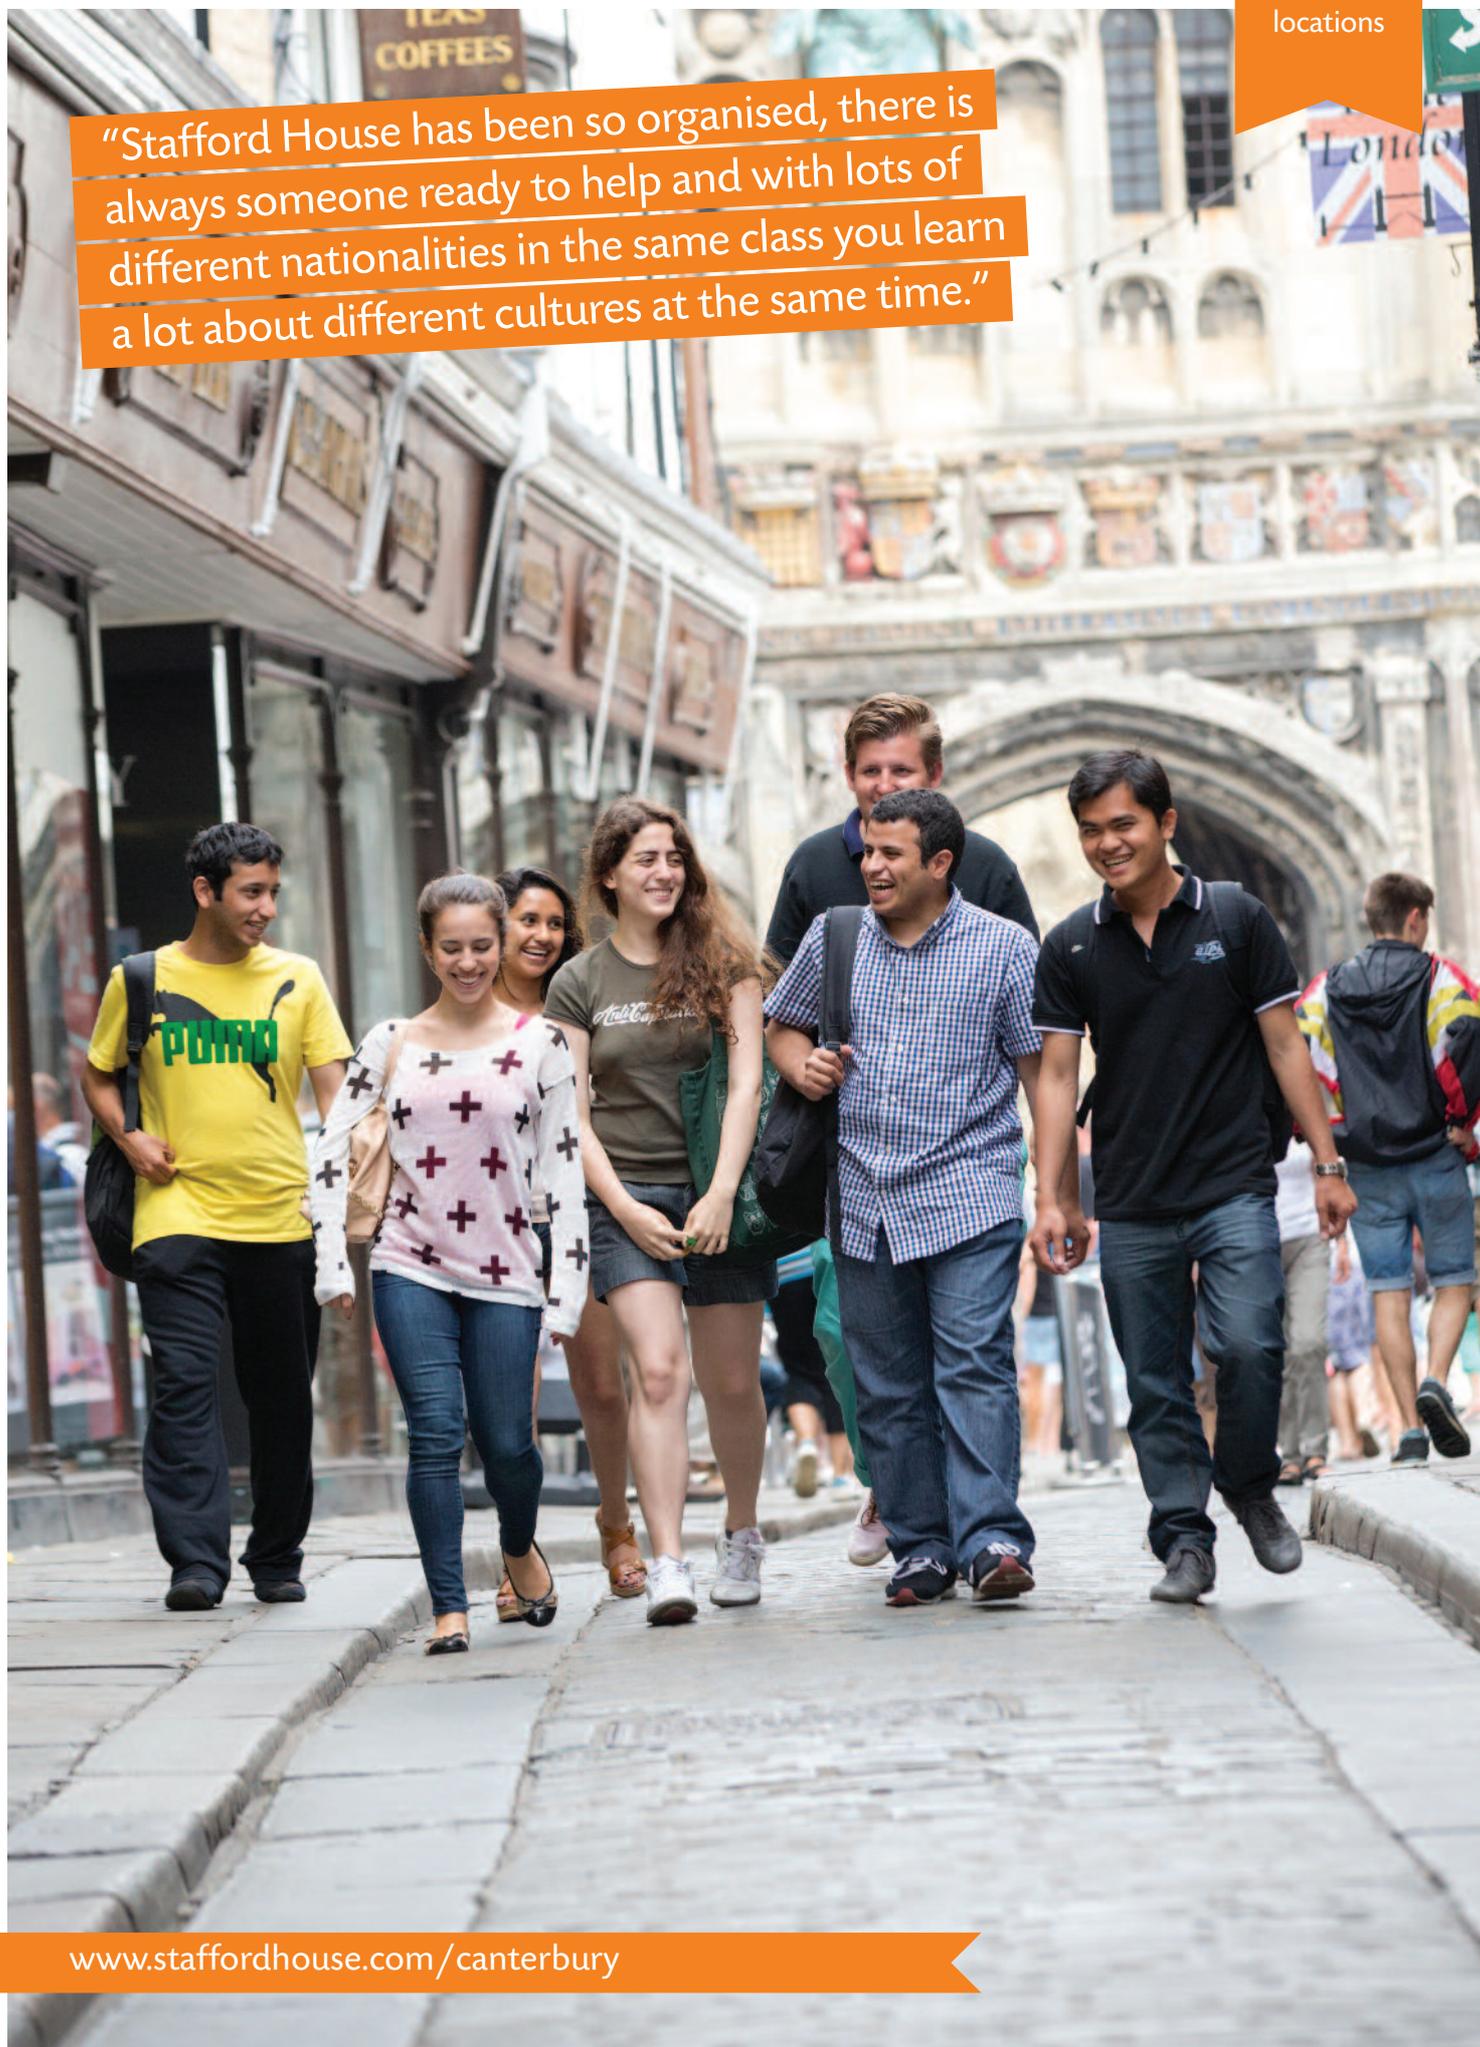

#### Experience:

I try to create an atmosphere in which students can make contributions, so they can watch and learn from each other. Variety is important so we learn through music, video, discussions and much more.

Our Directors of Studies are based in all of our schools to ensure our programmes are of the highest possible quality, our class sizes are small and that our students leave having gained the maximum from their time with us.

On your first day you will take a language assessment. It assesses your knowledge of grammar and vocabulary, and how well you are able to understand and speak English. This helps us to understand the class in which you will be happiest and most successful.

Also, every month you will have a one-to-one tutorial with a senior member of staff to make sure you are on track to achieve your goals and fulfil your potential.
